# ABOUT THE COMPANY

Founded in 2008, MJL Rental is a design and build general contractor and professional manager of construction services. We deliver a wide range of industrial, distribution, manufacturing, office, retail, recreational, healthcare, hospitality and commercial projects in the Kingdom coordinating everything from pre-construction through occupancy.

Our dedicated and highly skilled team of estimators, project managers, superintendents and field crew are genuinely committed to the needs and interests of our clients. And a long list of satisfied clients will attest to our ability to complete projects on time and within budget.

We are focused in having a long term relationship with our clients. Safety, service, respect, diversity and integrity are the values that guide our work and inspire our commitment to social responsibility.

## INDUSTRIAL SERVICES

**Heavy Equipment Rental**

MJL Rental is committed to fulfilling your short-term and long-term equipment needs and is your one-stop source for an affordable, flexible heavy equipment rental in KSA. When you rent from us, you can be rest assured you're getting the best machines available from a large assortment of quality brands to fit all your equipment needs. Our goal is to offer you competitive rates, well-maintained machines, and the best service in the industry. We provide many different categories in our rental fleet, and also offer power equipment for rent.

**Sand Blasting & Painting**

MJL Rental specializes in all types of coating for various components and painting a wide variety of metals and its substrates. Our coating & painting services enhance the physical properties, wear resistance, adhesion, scratch resistance, wet ability as well as the external appearance of the components. We also have a contained sand blast area in our yard to meet the customer's needs. We use specialized equipment for certain projects that may have environmental, safety or health concerns. Our personnel are well trained, qualified, safe and properly instructed.

**Civil Works**

MJL Rental also offers an array of civil works, including capabilities in numerous diverse disciplines, specializing from the development of new heavy civil construction, site infrastructure, general contracting, commercial and industrial facilities construction, site improvement & utilities projects, turnkey construction of commercial & institutional buildings. We possess expertise with existing facilities & structures to multi-year facility maintenance services. MJL Rental has developed a reputation for completing projects on time and within budget constraints.
